

Annual Return on the Charter 2017-18

Introduction

This is Thenue's fifth Charter Report. Each year we are required to complete an Annual Return on the Charter (ARC for short), and submit this to the Scottish Housing Regulator. As a result of that it becomes our obligation to produce this report to enable tenants and others to see how we are performing against the Charter. This report summarises all of the statistics that the Scottish Housing Regulator publishes, we are able to compare our own performance with the Scottish average and our performance last year. We hope that this information is useful for you to compare our performance to the Scottish average and also to benchmark our performance over time. We carried

out a tenant satisfaction survey during July and August 2017 and these figures have been used for this year's satisfaction figures.

If you would like further in-depth or additional information, please just ask us. If you would like to compare Thenue's performance with any other Registered Social Landlord (RSL) in Scotland, then all you need to do is visit www.scottishhousingregulator.gov.uk/find-and-compare-landlords. Here you will see an accessible comparison tool that allows you to compare our performance with up to four other selected landlords.
