Subject	Responsibilities – Overview
---------	-----------------------------

- 1) Thenue Housing Association Ltd (Thenue) recognises that all individuals within Thenue have a responsibility to ensure their own safety and that of others. Consequently, all employees will have the potential to be held liable if their negligent acts or omissions result in harm being caused to any other persons. Those in positions of responsibility have additional obligations, by virtue of their ‘managerial’ functions. Indeed, the Health & Safety Executives (HSE) Document Enforcement Policy Statement, HSE41, paragraph 43 notes the following on ‘Prosecution of individuals’:

“... enforcing authorities should identify and prosecute or recommend prosecution of individuals if they consider that a prosecution is warranted. In particular, they should consider the management chain and the role played by individual directors and managers, and should take action against them where the inspection or investigation reveals that the offence was committed with their consent or connivance or to have been attributable to neglect on their part and where it would be appropriate to do so in accordance with this policy. Where appropriate, enforcing authorities should seek disqualification of directors under the Company Directors Disqualification Act 1986.”
- 2) The following sections set out the principal Health & Safety related responsibilities of individuals within Thenue. These duties will be in addition to the general duty on all individuals to ensure the Health, Safety and Welfare of themselves and all others who may be affected by their undertakings.
- 3) The rather unique management structure of Housing Associations differs from the traditional business organisation where a Board of Directors, Owner/Manager or Senior Management Board clearly runs the undertaking. Care has, therefore, been taken to determine realistic responsibilities of the Board of Management and Chief Executive in particular.
- 4) In addition to the individual liability of senior staff, **the Corporate Manslaughter and Corporate Homicide Act 2007** allows companies and corporations to be prosecuted for corporate homicide (in Scotland) where serious management failures result in death. Under this Act there is no longer the need to identify a ‘controlling mind’ (i.e. one individual whose negligence or recklessness caused the death) to convict an organisation of homicide, thus making it easier to prosecute organisations.
- 5) The management responsibilities defined within the Employer Health and Safety Control Manual and the Landlord Facilities Safety Control Manual should ensure that adequate and appropriate managerial control is exercised over Health & Safety issues to prevent against prosecution for corporate homicide.
